

XXI. *PRO BONO* Service Requirement

NKU Chase College of Law recognizes the importance of instilling in law students a commitment to provide *pro bono* services as members of the legal profession. Beginning with the fall 2008 entering class, all students will perform a minimum of fifty (50) hours of *pro bono* legal service as a graduation requirement. The NKU Chase *Pro Bono* Service Program offers students a variety of *pro bono* opportunities throughout the region. In addition to providing needed law-related public service, the *pro bono* program serves as an educational tool, helping Chase students gain legal skills, exposing them to various areas of the law, and enhancing their contact with the legal community.

Students should refer to the *Pro Bono* Service Program website found at http://chaselaw.nku.edu/pro_bono/index.php to review the *pro bono* service program handbook and forms, as well as to obtain additional information about *pro bono* service activities.
