## WESTLAW PUBLIC ACCESS AVAILABLE AT CHASE LAW LIBRARY

Chase Law Library has recently purchased access to the most popular parts of Westlaw for its public patrons. Anyone who uses the library can use these limited databases at no cost. Several terminals on the main floor of the law library have been reserved for public Westlaw use, and printing is available, although there is a charge for printing. Patrons also have the option of downloading their research to a disk or CD, or emailing the retrieved information.

Unlike the regular law school contract with Westlaw, which is limited to faculty, staff and students, this new agreement allows any library user to search on the five selected Westlaw databases:

### KEYCITE

ALL STATES CASE LAW, including topical-administrative code materials.

ALL STATE STATUTES, including annotated and unannotated statutes and court rules

ALL FEDERAL CASE LAW

US CODE ANNOTATED, dating back to 1990, and legislative history

Searching can be limited to one, some, or all states, or a particular court. Traditional West key number searching is possible.

Informational guides and searching tips are available at each dedicated computer, and as always, the reference librarians will be happy to assist you in your research.
