Clinics and Externships: Students (1) must have completed a minimum of 29 law school credits prior to the commencement of any field placement work and must be in good academic standing at the time the field placement begins; (2) must have satisfactorily completed BLS-Research and BLS-Writing; (3) must be accepted at a pre-approved field placement location (placements are listed in Simplicity) or obtain field placement director's approval before beginning a field placement that has not been pre-approved; and (4) must complete all registration enrolment forms required by the field placement director. Finally, the student cannot be simultaneously enrolled in another live-client clinic course.

Effective Legal Analysis: The purpose of these sessions is to build on critical skills necessary to success in law school, on the bar exam, and in the practice of law. Various hands-on activities will help you master skills such as careful reading, issue spotting, structuring an answer, managing time, balancing the analysis of a close question, and taking both multiple choice and essay tests. Although everyone is welcome to attend, students on academic warning must register as well. The course will be scheduled around the schedules of the students registered so as not to interfere with their existing course loads. Multiple sessions will be offered on a weekly basis focused on different doctrinal courses to best help students where they need it.

ICN (for PT students): This course will meet several Saturdays in the fall and several Saturdays in the spring. The exact dates are currently TBD.

Small Business and Non-profit Law Clinic (regular and advanced): This clinic will meet at 112 West Pike Street, in Covington.
