

MEMORANDUM

TO: Justice Leibson  
FROM: Justice Wintersheimer  
RE: Willis v. Commonwealth, 85-SC-218-TG

Dear Charlie:

This is a revision as of June 5, 1986. The revised pages are 4-5-6.

On Page 4, I have eliminated references to the purpose of confrontation relative to cross-examination and the Harris case. I have also included the last paragraph of Page 4 which adopts much of the language of your memo of May 14. It continues to the middle of Page 5.

On Page 6, I have eliminated another reference to Harris and Flatt which you did not agree with in your previous comments.

The other suggestions made by yourself and others are included as they were in the draft circulated before the last conference.
